🇺🇸 Labor Day & Patriot Day

September is a month of both celebration and remembrance.

Labor Day honors the hardworking individuals who contribute to our communities and economy every day. It is a time to recognize the dedication and achievements of America's workforce.

Patriot Day, observed on September 11, honors the lives lost during the 2001 terrorist attacks and the bravery of first responders. It serves as a reminder of the strength, resilience, and unity of our nation.

★ September encourages us to reflect on both the value of hard work and the importance of coming together as a community.

Technology

Understanding Section 179

Many business owners are unaware that **Section 179** may allow them to deduct the full purchase price of qualifying technology and software purchased during the tax year.

Eligible purchases may include:

- Computers and laptops
- Business software
- Servers and networking equipment
- Cybersecurity solutions

Investing in technology can help improve productivity while potentially providing valuable tax savings.

 Be sure to consult your tax professional to determine how Section 179 may benefit your business.

Investing in Your Team

Your employees are one of your organization's most valuable assets. September's Labor Day observance serves as a reminder of the important role that dedicated employees play in business success.

Recognizing achievements, providing professional development opportunities, and creating a positive workplace culture can help improve employee engagement and retention.

Successful businesses understand that investing in people is just as important as investing in technology.

 The actions you take today can help set the foundation for success in the coming year.

Did You Know?

🤝 National Suicide Prevention Month

September is **National Suicide Prevention Month**, a time dedicated to raising awareness about mental health and supporting those in need.

Did you know that **Amy Yan, Founder and CEO of C Three Business Consultants**, serves on the **Board of Behavioral Health Response (BHR)**?

Business owners often face unique challenges and stressors. Prioritizing mental health is essential not only for personal well-being but also for effective leadership and long-term business success.

♥ Remember: taking care of your mental health is just as important as taking care of your business.
