November **2026**

Monthly Newsletter

IN THIS ISSUE

Welcome back to another installment of C Three Business Consultants' very own monthly newsletter. In this Months newsletter we will talk about the following:

- Monthly Topic: National Entrepreneurs Month, Veterans Day & Thanksgiving
- Technology > Is Your Internet Holding Your Business Together?
- Business > Is Your Social Media Ready for Success?
- Opportunities > A Seat at the Thanksgiving Table
- Did You Know? > BOB Workshops Are Your Recipe for Business Success

🍂 National Entrepreneurs Month, Veterans Day & Thanksgiving

November is a time to celebrate the people who make our communities stronger. From entrepreneurs pursuing their dreams to veterans whose service and leadership inspire us, this month reminds us of the dedication, resilience, and determination that drive success.

Thanksgiving also gives us an opportunity to reflect on the people who support our journeys. Whether it's customers, employees, partners, family members, or mentors, every success story is built on a foundation of relationships and support.

At C Three Business Consultants, we're grateful for the opportunity to help businesses start, grow, and thrive. **Ready to turn gratitude into growth? Click the button below to start planning your next step toward success.**

Turn Gratitude into Growth

Technology

🍽️ Is Your Internet Holding Your Business Together?

Your internet is like the gravy on your Thanksgiving dinner. It brings everything together and helps keep everything running smoothly. Without it, things can quickly become disconnected, making even simple business tasks more difficult than they need to be.

From email and cloud applications to video meetings and phone systems, your business relies on a strong internet connection every day. When internet speeds are slow or unreliable, productivity suffers, communication becomes frustrating, and valuable time is lost.

This Thanksgiving season, make sure the "gravy" behind your technology is strong enough to support your business. **Want to ensure your business has the reliable connection it needs to succeed? Click the button below to learn how we can help.**

Keep Your Technology Together

Business

🦃 Is Your Social Media Ready for Success?

Managing social media is a lot like preparing Thanksgiving dinner. You wouldn't wait until an hour before guests arrive to put the turkey in the oven and expect a great meal. Successful results require planning, preparation, and consistency.

The same is true for your social media presence. Posting randomly or only when you have extra time can make it difficult to reach your audience and grow your brand. A strategic content plan helps keep your business visible, engaged, and top of mind with potential customers.

As you prepare for the busy holiday season, make sure your social media strategy is ready, too. **Ready to serve up better results for your business? Click the button below to learn how we can help.**

Serve Up a Winning Social Media Strategy

Opportunities

🎖️ A Seat at the Thanksgiving Table

For veteran entrepreneurs, VOSB and SDVOSB certifications are like having a reserved seat at the ultimate Thanksgiving feast. These certifications provide access to federal contracting opportunities that are specifically set aside for veteran-owned businesses.

Each year, billions of dollars in government contracts are awarded to businesses with these certifications, creating opportunities for growth, expansion, and long-term success. It's one of the many ways veteran-owned businesses can gain a competitive advantage in the federal marketplace.

This Veterans Day, we proudly recognize those who have served our country and the businesses they continue to build. **Ready to claim your seat at the table? Click the button below to learn more about certification opportunities.**

Did You Know?

📖 BOB Workshops Are Your Recipe for Business Success

Running a business without the basics is like trying to cook Thanksgiving dinner without a recipe. You might forget an important ingredient, miss a critical step, or end up spending more time and money fixing mistakes along the way.

That's where **Business Owner Basics (BOB) Workshops** can help. Offered through the **Urban League's Northside Economic Empowerment Center**, these workshops provide entrepreneurs with the tools, resources, and guidance needed to build a strong foundation for success. From business planning and operations to growth strategies and best practices, BOB Workshops help take the guesswork out of running a business

This Thanksgiving season, make sure your business has the right recipe for success. **Want to learn the key ingredients for business growth? Click the button below to discover our BOB Workshops.**
